Re: Software engineer

Dear Hiring Manager,

I am excited to apply for the Software Engineer position at Microsoft. With an Advance diploma in Computer Programming and Analysis and over three years of programming and project management experience, I am confident in my ability to add value to your organization and achieve its goals.

My technical skills include proficiency in building, designing, and maintaining mobile and web applications using agile methodology and frameworks such as ASP.NET MVC. I am also well-versed in languages like HTML5, CSS, Python, C#, JavaScript, and Java. Additionally, I have gained knowledge of cloud computing and computer security through college courses.

In addition to my technical expertise, I possess strong communication and teamwork skills that have been demonstrated through various college and personal projects with my colleagues. Furthermore, I have consistently provided excellent customer service and have been commended by my manager for my ability to solve problems and ensure customer satisfaction in my part-time job.

I am eager to contribute my skills and make a positive impact on the world through a big platform like Microsoft. I am confident that my technical and interpersonal skills make me an excellent candidate for the position.

Thank you for considering my application. I look forward to the opportunity to meet with you to discuss my qualifications further. Please do not hesitate to contact me at

(437) 246-4212 or Patelyagnik1106@gmail.com if you need any additional information.

Sincerely,

Yagnik Patel
